PROGRAM OBJECTIVE

Since 2006, The Children's Trust has provided annual funding support to the Miami-Dade County Department of Cultural Affairs and has awarded over \$22.3 million in grants to expand cultural arts programs for children and youth in Miami-Dade County. This generous funding provided by The Children's Trust has enabled the Department to greatly expand cultural arts programs for children and youth in Miami-Dade County, by creating a comprehensive array of grants programs for non-profit youth arts providers. By combining resources and efforts this way, The Children's Trust and the Department can coordinate and advance our shared goals of strengthening families and seeking ways for all children to achieve their fullest potential.

This innovative funding partnership is enabling the Department of Cultural Affairs to elevate its level of support to cultural groups dedicated to year-round arts programs for kids; support more opportunities for kids and their families to experience the arts together, in places convenient to their homes and schools; provide summer arts and science camp scholarships for kids who otherwise would not have the opportunity to participate in such programs; give thousands of children the chance to participate in arts experiences in their schools, after care programs and in their neighborhood art centers; and inaugurate new inclusive arts programs for children with disabilities.

The Summer Arts & Science Camps for Kids (SAS-C) Grants Program was created as a joint initiative of the Miami-Dade County Department of Cultural Affairs and The Children's Trust. The SAS-C Grants Program is funded by The Children's Trust. The Children's Trust is a dedicated source of revenue established by voter referendum to improve the lives of children and families in Miami-Dade County.

The objective of the SAS-C Program is to grant funding to non-profit organizations that will provide underserved children in Miami-Dade County with opportunities to attend high quality cultural arts or science summer camp programs at little or no cost. Funding through the SAS-C Grants Program is intended to augment existing programs, providing more children with the opportunity to participate in comprehensive and specialized cultural arts and science summer camps.

Priority attention will be given to:

- projects that address children and youth whose ability to participate in such programs may be limited by geography, economics, or disability, including those who are otherwise regularly identified as belonging to special populations, such as lesbian, gay, bisexual and transgender youth; children in foster care; youth under the jurisdiction of the juvenile justice system; children with incarcerated parents; and those who are experiencing homelessness;
- projects that can expand program offerings and/or capacity in order to reach a broader population of underserved children and youth; and

- projects in which unduplicated children and youth underwritten by SAS-C funding will attend the camp program for at least 19 program days.

ELIGIBILITY

To be eligible to apply, an organization must:

- be legally incorporated in the State of Florida as NOT-FOR-PROFIT with tax-exempt status under section 501(c)(3) of the United States Internal Revenue Service Code. Applications from not-for-profit organizations designated tax exempt under other subsections of 501(c) will be reviewed on a case-by-case basis; or be an educational institution of higher learning (such as a college or university), municipality or governmental entity. Proof of incorporation and IRS tax-exempt designation is required at the time of application;
- be the camp “owner/presenter” directly responsible for managing, overseeing and implementing ALL administrative aspects of the proposed camp program, including but not limited to camper registration, data collection, reporting, scheduling, program design, production, implementation, contracting for artists/services, etc.;
- have a minimum one-year track record of providing high quality, comprehensive and specialized cultural arts or science summer camp programs for children and/or youth in Miami-Dade County;
- have presented the camp in Miami-Dade County in the year immediately prior to the proposed application;
- **not** be a fiscal agent applying on behalf of another entity;
- **not** be a religious organization whose proposed project, in whole or in part, is designed to promote religious or sectarian activities or to encourage the preference of a particular religion;
- **not** be an educational organization or facility (such as a daycare/preschool/school), other than institutions of higher learning or university-operated cultural institutions that provide services, cultural programs and open access to the community and the general public beyond their educational mission and on a regular basis;
- **not** be a school support organization (such as parent-teacher association, booster club or auxiliary organization); and
- **not** receive direct grant support from The Children’s Trust under the **Youth Development Initiative** for any program/project.

Funded programs must be geographically located in Miami-Dade County, be open to the community at large, and not solely be for the benefit of the applicant organization, or its students or members. Grant funds may not be used to underwrite scholarships for children/youth who reside outside of Miami-Dade County. Grant funds may not be used to

underwrite scholarships for children/youth under five (5) years of age. Applications from fiscal agents will **not** be accepted.

This program operates on an annual cycle, and applications are available and considered only once for each program-funding period (June 1 – August 30). An organization may only apply once per cycle. Successful applicants to the SAS-C Grants Program may not receive funding in the same funding year from any other Department program for the same project or expenses.

DEADLINES

For application and deadline schedule information, go to the Summer Arts & Science Camps for Kids (SAS-C) grant information page at:

<https://www.miamidadearts.org/summer-arts-science-camps-kids-sas-c-program>

Application Deadline:

Organizations are encouraged to complete the entire application process **at least 72 hours in advance of the application deadline to ensure successful submittal**. At precisely **11:59 PM** on the deadline date, the online grant system will automatically close access to the application. Organizations that fail to complete the entire submittal process by this deadline will be locked out of the system and deemed ineligible. Applications submitted by any other means are not acceptable.

Please be aware that before you can access the online grant application, you must have a user account for basic log-in access and complete and submit a *Grant Eligibility and Request Form*. Once you have completed these steps, your *Grant Eligibility and Request Form* will be reviewed by the Program Administrator to determine whether your organization is eligible to apply for the requested grant. This review may take up to 3-5 business days. Only after the Program Administrator has confirmed your eligibility can you be provided access to the online grant application. It is critical to keep these steps and this timeline in mind when preparing to submit a grant online.

Requesting access to the grant application less than 7 business days prior to an upcoming deadline is neither an adequate timeframe for successful completion nor a reasonable expectation of staff. Additionally, requests to apply to the program received at or after 5:00 PM on the program's application deadline will NOT be accepted.

First-Time Applicants: Program Administrator Review:

Applications received from first-time applicants by the grant program's published application deadline will receive a comprehensive review by the Program Administrator. Feedback and suggestions for strengthening and/or correcting the application will be provided approximately 7 days prior to the corrections deadline. Applicants are solely responsible for making all revisions to their applications, should they so choose. Department staff **WILL NOT** make

corrections on behalf of applicants. Applicants are encouraged to complete their corrections at least 3 business days in advance of the corrections deadline to ensure successful submittal. At precisely 11:59 PM on the corrections deadline date, the online grant system will close access to the application for corrections.

Applications submitted that are in DRAFT form, have incomplete narrative or budget sections and/or are missing required support documents, will NOT be eligible for a comprehensive Administrator Review and will be reviewed for technical sufficiency only.

Applicants whose submissions do not meet minimum technical qualifications will be notified and their application may NOT be eligible for further consideration.

Returning Applicants: Program Administrator Technical Review:

Returning applicants that applied to the program in the previous fiscal year will receive a technical sufficiency review **only** (i.e., staff will check the forms to ensure the grant program's minimum eligibility criteria has been met and all required documents have been submitted; narratives, uploads and other sections of the application will NOT be read and reviewed). Comments, questions, and feedback will **NOT** be provided to the applicant during the program's corrections period.

Applicants whose submissions do not meet minimum technical qualifications will be notified and their application may NOT be eligible for further consideration.

Returning applicants will have the opportunity to finalize their applications during the program's corrections period and are **solely responsible** for making any and all revisions to their applications by the program's corrections deadline date, should they so choose. Department staff **WILL NOT** make corrections on behalf of applicants. The Technical Review and corrections period is a technical assistance service and in no way guarantees that an application will be recommended for funding by the grants review panel.

NOTE: All applicants who submit a substantially incomplete application at the time of the grant program's published application deadline, as deemed by the Program Administrator, will receive notification via email from the Program Administrator as to the incomplete status of the application. A copy of this notice will be forwarded to the program panel prior to their review, alerting panelists to the status of the application at time of deadline and the panel will determine whether or not to accept and/or review the application for funding consideration.

Corrections Deadline:

Application corrections requested by the Program Administrator will be issued approximately 7 days prior to the corrections deadline. Organizations are encouraged to complete their corrections at least 3 business days in advance of the corrections deadline to ensure successful submittal. At precisely 11:59 PM on the corrections deadline date, the online grant system will automatically close the application system for corrections.
